Pinnacle Award

This year the WCSC has added an exciting new safety component to our program. We will be honoring a business that has implemented a successful safety plan with in their company with the WCSC Pinnacle Award at our CEO Event in January.

Let us know how important safety is within your company by completing the online nomination form by Nov. 6 to be eligible. Our steering committee will review all of the nominations and we will announce the recipient on January 13th at our CEO Event.
